

HOW DOES IT WORK? DISCOVER PIERRE'S STORY

Development Aid Support Mechanism

**KNOWLEDGE
FOR DEVELOPMENT
WITHOUT BORDERS
DEVELOPMENT AID SUPPORT**

PIERRE'S STORY

Meet Pierre. He is a high school teacher and an **active volunteer** under K4DWB's **Development Aid Support Mechanism**. He regularly reaches out to communities in a Nigerian slum Makoko and helps local teachers to manage their classes better.

Pierre benefits from our **StayConnecteD4Dev online cloud platform**, where he interacts with others, discusses, improves his skills, watches videos and discovers lessons learned in the field of development. Thanks to our cloud platform, he is able to help others as part of our team of active volunteers!

Pierre finds lots of materials for teachers on the cloud platform. He uses them in his own classes, but he also shares them with teachers in the Makoko slum who have no internet connection.

THE GLOBAL GOALS
For Sustainable Development

4 QUALITY
EDUCATION

Under the **guidance of our local managers in the Field Development Support network**, Pierre has organized several training sessions for teachers in the Makoko slum. He shared with them knowledge and information he gained on the **StayConnecteD4Dev cloud platform**, as well as hard copies of helpful materials they can use in their own classes.

Pierre has also gathered data about the current educational situation in Makoko slum and local teachers' needs. This data will be presented in a K4DWB case study in order to help target development interventions and achieve the SDG goal of quality education for all.

Development Aid Support Mechanism is a means to motivate local people to get involved with local development issues and find solutions together
